FOR IMMEDIATE RELEASE

New WIC Office Hours in Williamson County Beginning Oct 1st

Beginning in October, Williamson County WIC (Women’s, Infants, and Children) offices will change their hours of operation to better coordinate with services provided in the Williamson County and Cities Health District’s four Public Health Centers. As of October 1st, all WIC offices in Round Rock, Georgetown, Cedar Park, and Taylor will be open Monday through Friday from 8:00 am until 5:00 pm. For the past several years, WIC offices have operated under separate service hours within the Public Health Centers. WIC and Community Nutrition Program Director Tina Horkey says, “We hope to better serve the needs of the residents of Williamson County by coordinating our operating hours with the Public Health Centers.” WIC will continue to offer appointments on the first Saturday of each month from 8:00 am until 12:00 Noon for the next few months.

In addition to WIC’s new hours of operation, each Public Health Center location will offer extended hours one day per week until 7:00 pm to better serve the community. The Public Health Center’s days with extended hours are listed below:

- (Monday) Georgetown Public Health Center, 100 W. 3rd St., Georgetown, TX
- (Tuesday) Cedar Park Public Health Center, 350 Discovery Blvd., Cedar Park, TX
- (Wednesday) Taylor Public Health Center, 115 West 6th St, Taylor, TX
- (Thursday) Round Rock Public Health Center, 211 Commerce Cove, Round Rock, TX

The Public Health Centers will still observe certain holidays and closures will be posted at each center in advance of a closing. For more information about WIC services you can also call 1-800-942-3678. For a complete listing of services provided by the Williamson County and Cities Health District Public Health Centers, hours of operation, and contact information, please visit your public health department at www.wcchd.org.

The Williamson County and Cities Health District is an equal-opportunity provider.
