MOMS COMMUNITY LISTENING FORUM COMES TO WILLIAMSON COUNTY

On August 10, 2018, Mommie Support Network, the WilCo Wellness Alliance coalition’s Maternal and Infant Health working group, the Round Rock Public Library, and Dell Children’s Health Plan will host the Moms Community Listening Forum at Round Rock Public Library. This forum is designed to give moms the opportunity to share their opinions and perspectives regarding what is needed to better support their mental and physical health after the birth of a child.

Attending mothers will have the chance to voice their opinions and let organizations know what services they believe are missing. Organizations that serve mothers will also be present to talk about some of the services they offer to help moms in need. Williamson County and Cities Health District will produce a follow up report that identifies service gaps for moms, and the report will be shared with the community and organizations that serve moms.

This is a free event that includes several door prizes and giveaways. There will be a Child Activity Room for children who are two years old through elementary school ages. Lunch and snacks will be provided for this event for those who attend.

The Moms Community Listening Forum will take place at Round Rock Public Library, located at 216 E Main St. Round Rock, TX 78664, on August 10 from 10am – Noon. Learn more and RSVP at www.healthywilliamsoncounty.org/mom.
