FOR IMMEDIATE RELEASE

*Effective September 1st Williamson County and Cities Health District
offers Extended Hours*

August 29, 2011 (Williamson County) –

Effective September 1st the Williamson County and Cities Health District (WCCHD) will begin offering expanded weekday service hours at each of the four Public Health Center locations serving the county - Round Rock, Cedar Park, Georgetown, and Taylor. Each Public Health Center has designated one day a week to be open until 7 p.m. to provide nursing services for the community. Services provided during those hours include immunizations for adults and children, and TB testing. Information about other WCCHD services and Williamson County Prescription Discount Cards are available at each location.

Extended nursing services were previously offered on Saturdays which will no longer be available effective September 3rd. WIC services will continue to be offered on Saturday mornings at each of the Public Health Centers.

To see what day your local WCCHD public health center is open until 7:00 p.m. and to learn more about other available programs contact the Healthcare Helpline at (512) 248-3252 or 1-800-890-6296 or visit *your public health department* at www.wcchd.org.
